20th April 2020

Dear Parents,

I hope that you and your family have had a good Easter and enjoyed the lovely weather. I hope that this letter finds you all safe and well.

As promised, I am writing to you with more information regarding home learning. The staff have been working to provide your children with activities that they can undertake over the course of the next few weeks. These will be published on our website on **Thursday** this week.

They will include a number of websites where the children can learn topics that they would have been taught in usual circumstances. There are also activities which the children can access without the need for technology.

I realise that accessing technology may prove difficult when you have a number of children at home, or that the devices are being used for other activities. Please be aware that the work we are providing is what we would usually be teaching in school over this half term. Just complete what you can and when you can.

As previously mentioned, the children will be taught any Maths, English and RE that they have missed as soon as school reopens. This may lead to an increase in the time spent teaching these subjects for a short period. Teachers will also be working together to ensure that the progression in skills being taught through other subjects is enabled. I hope that this reassures you and relieves some of the pressures that home learning can cause. Please just encourage your child to complete as much as they are able to with the current constraints.

We will text you when the home learning sheets have been uploaded onto our website on Thursday.

With all good wishes to you and your families, stay safe and God bless you all.

Yours sincerely,
CM Craig
