

Dear Parents/Carers,

We are receiving a number of requests for childcare during the upcoming 6 weeks school holiday period. This is due to some of the Covid 19 lockdown restrictions being lifted and more people returning to work in June and July. We would like to assess the demand for our services with a view to potentially offering a limited number of holiday club places. If you require holiday care we would appreciate it if you would take a moment to complete this short questionnaire to help us to understand your requirements so that we can plan accordingly.
