

*Dear Parents,*

*We understand that this a challenging time for everyone and that the practicalities of home learning may be difficult for a wide range of reasons. Please be assured that there are no expectations on the quantity of work that is achieved and that the guidance and suggested activities set out below have been chosen to support your child in home learning and are not there to add additional pressure or stress. Please complete as much or as little as you can and once your child returns to school, the staff will ensure they are fully supported in catching up on any missed learning.*

We love, respect and value each other

Lockdown Learning

Week commencing 4.1.21

Please find below a list of suggested activities for the children to complete this week. All children should have a login and password sheet to give them access to any online resources. They have also been provided with a selection of CGP books which they can complete if they are unable to access any online resources.

There will be daily Microsoft Teams sessions with Mrs Oakes to provide additional teaching and learning activities for Maths and English and other lessons where relevant. Please do not worry if you are unable to join the session, the children can just complete the alternative activities below.

If you have any queries or would like to share any of the children's work, please send it to the Y6 email address [y5-stgodrics@durhamlearning.net](mailto:y5-stgodrics@durhamlearning.net)
