

Dear Parents,

Please find below a suggested timetable of activities for your child to complete at home independently. We understand that the practicalities of home learning can be difficult for a wide variety of reasons. Please be assured that there are no expectations on the quantity of work that is achieved and that the guidance and suggested activities set out below have been chosen to support your child in home learning and are not there to add additional pressure or stress.

We love, respect and value each other

Y5

### Emergency Home Learning

Please find below a list of suggested activities for the children to complete. All children should have a login and password sheet to give them access to any online resources. They have also been provided with a selection of CGP books which they can complete if they are unable to access any online resources.

If you have any queries or would like to share any of the children's work, please send it to the Y5 email address [y5-stgodrics@durhamlearning.net](mailto:y5-stgodrics@durhamlearning.net)

#### Ongoing Activities

Keep practising those tables and spellings using Times Table Rockstars and Spelling Shed! There will be a Spelling Shed list allocated each week for specific practise that matches the rule we have been looking at in class so check your spelling homework list too!
